

Wide Eyes

The Flatliners

Slow on your road
Fly off the handle
Either way it goes
Straight to your head, woah
Swimming in skin
And keeping your flame close
I've known you since we were kids
I wanna know you when we're old

Stay where you are
I don' wanna die alone
You gotta stay where you are

It seems like a lifetime ago
That we were untangled
Just young men, still pissed
Yeah, right into the bottle
We're feeling a turn in the road
Almost driftin' us home
As blood shatters the sun
Keep creeping in through the window

Stay where you are
I don' wanna die alone
You gotta stay where you are
Stay where you are
I'm hungry and under control
You gotta stay where you are

Stay where you are
I don' wanna die alone
You gotta stay where you are
Stay where you are
I'm hungry and under control
Stay where you are
Stay where you are

You gotta stay where you are
Stay where you are
I don' wanna die alone
You gotta stay where you are
