Magic Star

The Fleetwoods

Magic star, shine on me

Magic star in the sky
Tell me why you don't shine on me
Magic star up above
Shine your light on my love

In your glow, magic star
You can make the world all mine
Magic star up above
Shine your light on my love

Magic star
Shine on me
Magic star
Please, make him see

Magic star in the sky
Tell me why you don't shine on me
Magic star up above
Shine your light on my love

Ooh, magic star...
