

Man Overboard

The Flower Kings

Some work hard to pay their dues
where as some just waste it and blow the fuse
Some try hard to be selected
where as some just hope to be connected

Sweep the killing floor, yelling "man over board"
red flag in the night, hard to keep it up
someone out on a limb, or just looking for fun
all the same to me, diggin an early grave

Some people dig someone special
where as other people just dig the dirt
some try hard to make the spotlight
where some just fade away at midnight

Sweep the killing floor, yelling "man over board"
red flag in the night, hard to keep it up
someone out on a limb, or just looking for fun
all the same to me, diggin an early grave
