

Mommy Leave The Light On

The Flower Kings

Mommy leave the light on
Tell me that the monster is gone
One more lullaby to sing
Mommy leave the radio on

Let no intruders make their way into my dreams
So mommy keep it nice and clean
You light a fire and keep the animals away
I'll try forget that I'm afraid

Mommy you can tell me why
There is no way we can escape from dying?
Mommy can you tell me I get well
I really don't care if you're lying

If god still have his kingdom
Far beyond the skies
Now do you think he can hear our cries?
Can daddy take me sail across the milty way?
I'll try forget that I'm afraid
