Don't ask questions  
Beg forgiveness  
Make ammends  
Walk don't run  
Gooooood its gettin hard to breeeeeeeathe  
Remember mother's song

Learn your lesson  
Make decisions  
Poke holes on the top  
So I can breathe  
Keep the lid on tight

On an isle that's far way  
There's a place I long to play  
On a magic singing street  
I know more than u can know  
But u never ask to hear  
So my voice is gone away  
It's been muted by my tears  
Yeah - oooh mother

I remember mother  
Remember mother  
I remember motheeeeer  
I remember mother  
Remember mother  
I remember motheeer  
Haha  
I remember mother  
Remember mother

I remember motheeeeer  
I remember mother  
Remember mother

Do u hear me now  
My mother, my mother  
Do you hear me now  
Oooooohhhh mother  
Oooooohhh mother  
Oooooooohhh mother
