

Someone took control  
Of leaders of the earth  
And its inhabitants  
The mother of the prostitutes  
With precious stones and gold  
Showed off immortal thoughts

17 was in my mind  
A scarlet beast  
With seven heads and ten horns  
17 was in my mind  
It was the revelation time

The whole army of god  
Sacrificed their blood  
Scarlet like her clothes  
And from her golden goblet  
She sipped our misery  
Turned into shameful blasphemy

17 was in my mind  
A scarlet beast  
With seven heads and ten horns  
17 was in my mind  
It was the revelation time

17 was in my mind  
I saw the beast  
Was coming out the ocean  
All our faults have endless time  
It was the revelation time  
And all our faults have endless  
Endless time
