

## Human Chapter X

### The Forsaken

Chaos and confusion  
Man enslaved by theories  
DNA crucified by disorder  
The future's resurrected in vain  
The human mind - erased  
For the cause - empathy defaced  
Society wrecked and broken  
The old world - a memory sealed  
Empires fallen and deceived  
Lifeless and condemned to r...e...s...t  
The prize held by the acts of war  
A rampant spawn of death and decay  
The human mind - erased  
For the cause - empathy defaced  
Submissive creatures - bow

Bow before the demons of fate  
When - control - why?  
See through the flesh...  
See through the face of man...  
Chaos - control - how?  
HOW?  
Tyranny - the blood on our hands  
We've raped the minds to proceed  
The choice, the structure of the future  
A life of empty words - righteously proclaimed...  
The submissive creatures chained  
Choked by ages of war  
The armies of the damned  
Behind soulless marionettes  
The human mind - erased  
For the cause - empathy defaced  
Submissive creatures - bow  
Bow before the demons of fate
