

## Harlem Shuffle - Alternate Take

The Foundations

Come on, everybody

You move it to the left  
Then you go for yourself  
You move it to the right  
If it takes all night  
But come on, baby  
You've got to give a try  
So you move to the left all night  
You know you scratch just like a monkey, yeah, you do  
Real nice  
And you slide into the limbo, yeah  
How low can you go?  
But come on, baby  
You've got to give a try  
So you move to the left  
To the Harlem shuffle baby  
To the Harlem shuffle baby  
To the Harlem shuffle baby

To the Harlem shuffle  
Do it baby...

But come on, baby  
You've got to give a try  
So you move to the left  
To the Harlem shuffle baby  
Lets hitch-hike baby  
Across the floor

Whoa, whoa, whoa  
I can't take it no more  
I can't take it no more  
I can't take it baby...

Come on, baby  
You've got to give a try  
So you move to the left  
To the Harlem shuffle  
To the Harlem shuffle  
Do it baby...
