I'm Gonna Change

The Four Seasons

I know you're gonna leave me
You never could deceive me
Baby don't say our love is ended
What's wrong that can't be mended?
Don't say good-
bye (I'm on my knees and begging don't you say goodbye!)

I loved you so completely (Baby don't go)
I never meant to treat you like you were always in the way girl
  (Baby don't go)
So much I didn't say girl
Don't go away (Give me a chance to say the things I didn't say)
(I'm gonna change girl)
You're gonna bring out the best in me
I'll rearrange all the wrong that I've done (I'm gonna change)
I'm gonna make you be so proud of me (Wait and see)

Come back baby (I'm gonna change)
Come back baby (I'm gonna change)
Come back baby (I'm gonna change)
Whoa baby (I'm gonna change)
