

Show Girl

The Four Seasons

Baby I told you so
That no good guy would go
He's gone but don't cha know
Crying ain't gonna help you
Ain't gonna help you to bring him back
Oh laughing (laughin' laughin')
Rather keep laughin'
Time for the show
Time up to go
Into your act

Put on a show, girl
Oh show girl
Oh girl
Don't let him know girl
Just remember each time you see him
On with the show
First love, he was your first love
Believe me he won't be your life
My love (my love my love)
If you want my love
Take all I give
Baby don't live back in the past

Put on a show, girl
Oh show girl
Oh girl
Don't let him know girl
Oh just remember each time you see him
On with the show
Don't let him go
On with the show
