

# I'm in a Different World

The Four Tops

In this world of ups and downs  
My dreams all fall through  
Things just don't work out  
No matter what I do

Disappointment haunts me  
Through each lonely day  
The world around I see  
In only shades of gray

But when the love light shines upon my face  
I'm in a different world  
A world I never knew  
I'm in a different world  
A world so sweet and true  
I'm in a different world

I'm no longer just another face  
In a crowd  
Hey, look into my eyes  
You'll see I'm strong and I'm proud

You are all the sweetness  
Of my life, you see  
You have brought heaven  
Right here on earth to me

No man of wealth  
I know I'll ever be  
But I'll be satisfied  
Just knowing you love me

On the stage of life  
I've played a loser's part  
It seems like I've been down  
Right from the very start

Every time I lift myself  
Up off the ground  
Something always happens  
To bring the curtain down

But when your love light shines upon my face  
I'm in a different world  
A world so warm and sweet  
I'm in a different world  
Now that you've been loving me  
I'm in a different world

Each time you speak my name  
Or put your hand in mine  
The empty life I knew  
I leave it far behind

'Cause you gave me the love  
That I truly felt  
Most of all, you made me

Believe in myself

You're more than a love to me  
You're my way of life  
I'll forever cherish you  
More each day and night

Ah  
I'm in a different world

A world that's warm, a world that's sweet  
A world that's every bit complete  
A world that's real, you've made me see  
All the beauty surrounding me

Ah, look what you've done for me  
Ah, look what you've done for me

I'm in a different world  
Now that you've been loving me  
I'm in a different world  
And that's where I want to be

I'm in a different world  
Now that you've been loving me  
I'm in a different world  
And that's where I want to be

I'm in a different world  
Now that you've been loving me

I'm in a different world  
Now that you've been loving me  
I'm in a different world  
And that's where I want to be
