

Rise

The Frames

Emi C (2x)

Emi
Breathing in the night
C
There's nothing else I'm needing now
Emi
The wind is at my side
C
And so are you

And together we will rise
Above all these words and promises we couldn't keep
Together we will fly
Above it all now

Ami
But sometimes we will fall
Emi D
From the light
C
But it shines on us tonight
Hmi Emi C
And together we will rise
Emi C
Together we will rise we will rise

And surely its a sign now
That everything's in tune to some kind of higher plan
Yeah, surely it's a sign
That you were right

Ami
And there's the secret line
Emi D
That we've been denied
C
But we're crossing it tonight
Hmi D Es Emi C
And together we will rise
Emi C Emi C Emi C
Together we will rise we will rise

Ami
But sometimes we will fall
Emi D
From the light
C
But it shines on us tonight
Hmi Ami
And together will rise
Emi D
Pass this light
C
That we're crossing here tonight
Hmi Emi C
And together we will rise

Emi **C Emi**
Together we will rise we will rise
