

Headcase

The Fratellis

Well the postman's coming
She gotta hide
Said she got a message coming from the other side
She's crazy, yeah she's crazy

Well the voices on the phone
Stick into my ears
Said she's gonna kiss me
If I don't get outta here
She's crazy, yeah she's crazy

We'll talk about,
Talk about it all night long
She can't get it right for gettin' it wrong.
She's crazy, yeah she's crazy

Well the headcase actress
Sitting by the fire
Nose in a gum shoe
Dancin' on a wire
She's crazy, yeah she's crazy

Well a no can do
Oh she can't do that
Playin' dumb on to
Some strum gone flat
She's crazy, yeah she's crazy

We'll celebrate half wit
3 beers blind
I would take her out for tea
If I thought she wouldn't mind
She's crazy, yeah she's crazy

Well talk about
Talk about it all night long
She can't get it right for gettin' it wrong.
She's crazy, yeah she's crazy.

Well she's no can do,
Oh she can't do that.
Playin' dumb on to
Some strum gone flat
She's crazy, yeah she's crazy

Well the postman's coming
She gotta hide
Said she got a message coming from the other side
She's crazy, Yeah she's crazy

Well the voices on the phone
Stick into my ears
Said she's gonna kiss me
If I don't get outta here
She's crazy, yeah she's crazy

Well the headcase actress

Sitting by the fire
Nose in a gum shoe
Dancin' on a wire
She's crazy, yeah she's crazy
