

# Goodbyes

The Frights

Thought I'd given it up, I guess I missed one  
Shot me straight in the chest, where did she come from?  
I was losing my head before she found me  
Painting dreams in my bed, it's all around me

Morning knocked me awake and ripped my clothes off  
Give you all I can give, I'm such a show off  
Think that I'm just afraid to lose my baby  
But look at all of the light that she just gave me

Don't you get it I'm pathetic it's not easy to hide  
You're fucking perfect why's it hurting when I look in your eyes  
Never knew it, I could do it after all of this time  
Wanna love and kiss and hug you I'm afraid of goodbyes

In the light of the day, I close my window  
Lose myself in the shade, where did the sun go?  
Drink till I'm not afraid, I'm feeling lazy  
Won't you put me to sleep, I'm fucking crazy

Don't you get it I'm pathetic it's not easy to hide  
You're fucking perfect why's it hurting when I look in your eyes  
Never knew it, I could do it after all of this time  
Wanna love and kiss and hug you I'm afraid of goodbyes

I know I should forget it ooh ooh  
If it's dying I should let it ooh ooh  
Ah it's just pathetic

I think I'm doing alright, I think I made it  
And once you've found the one, man you can taste it  
You're the wreck of a ship she is your sailor  
So after all of this time, you sink together

Don't you get it I'm pathetic it's not easy to hide  
You're fucking perfect why's it hurting when I look in your eyes  
Never knew it, I could do it after all of this time  
Wanna love and kiss and hug you I'm afraid of goodbyes

Don't you get it I'm pathetic it's not easy to hide  
You're fucking perfect why's it hurting when I look in your eyes  
Never knew it, I could do it after all of this time  
Wanna love and kiss and hug you I'm afraid of goodbyes
