### The Frights

Every summer, every morning  
I wanna see you in the light  
I wanna see you everyday, every night  
Oh every time I catch your smile  
I wanna be there for a while  
I wanna tell you everything is alright  
Oh every summer every morning  
I wanna see you in the light  
I wanna see you everyday, every night  
Oh every summer every morning  
I wanna see you in the light  
I wanna see you everyday, every night

Every time I hear you breathing  
I wanna know you breathe for me  
I feel so afraid but I gotta see  
Oh every summer every morning  
I wanna see you in the light  
I wanna see you everyday, every night  
Oh every summer every morning  
I wanna see you in the light  
I wanna see you everyday, every night  
Oh every summer every morning  
I wanna see you in the light  
I wanna see you everyday, every night

Every summer every morning  
I wanna see you in the light  
I wanna see you everyday, every night  
Every time I see you smile  
I wanna know wanna see a while  
I wanna see you everyday every night
