

High School Girl

The Frights

When you talk to me baby
And you look so good
You wanna walk with me honey
When you make love hurt

I wanna take you home to my mouth
I wanna make you feel alright
I wanna take you home to my mouth
I wanna mess with you tonight

You look so pretty
You look so pretty

And now I'm feeling at your sweet heart
And you looking so cool
You know I'm looking for you baby
But you're still in High school

You've got that pretty little smile
And that pretty little hair
I wanna take you for while
I wanna have you til you're here

You look so pretty
You look so pretty

I know you're down on your weekends
So we can always hang out
I know you're out for the weekend
I know what all of this is about

I wanna see you in the morning
I wanna see you at night
Oh you're my high school baby
You make me feel alright

You look so pretty
You look so pretty
You look so pretty
You look so pretty
