

# She Makes Me - The Frights & Death Lens

## The Frights

"Hey Mike did you read the letter from Jessica?"

"You know I did man"

Now she's fucking with Brian's head  
He's screaming let me go to bed  
She tells him this is all for fun  
He's tired now of feeling dumb

Lost in his head  
And he's losing his fucking mind  
Losing all of his friends  
And she's taking all of his time  
Never leaving his sight  
As she leads him through a day  
Oo Wah oo she makes me gay

And now he's banging the same chick  
Said girl right there she's in your head  
She keeps him up all day and night  
He's turning back on chicken fights

Lost in his head  
And he's losing his fucking mind  
Losing all of his friends  
And she's taking all of his time  
Never leaving his sight  
As she leads him through a day  
Oo Wah oo she makes me gay

Hey Brian have you heard the news  
Hey Mike we gotta tell you something too  
The girl we loved has fooled us both  
And all she left us was this note

Lost in our heads  
And we're losing our fucking minds  
Losing all of our friends  
And she's taking all of our time  
Never leaving our sight  
As she leads us to our death  
Oo Wah oo she makes us gay

She makes us gay  
She makes us gay  
She makes us gay
