

I'm Back to Women

The Frogs

spitting out fire
from the goat's milk i've drunk
i feel like a punk with an earring up my balls
i'm about to take a big fat fall though
as you know
i'm back to women
i couldn't keep it up
they changed my mind around
now i'm spitting out fire from my balls
i know it's screwed up
but i'm, i'm back to women
like i said, i couldn't keep it up
i'm spitting out fire through all of my orifices
and if that ain't enough
i had to give up cologne
i got all my hair removed
shaved off, i used a big tube of the mean stuff
