

Raped

The Frogs

everyone's makin' a big deal

out of the fact that I raped someone
what's the crime? i had fun
someone put me away

someone punch me out

someone let me play
let me get it out
after all she was a nun
and the priest wanted to watch
everyone's makin' a big deal
over the fact that we raped someone
what's the crime we had
someone put me away
someone punch me out
someone let me play
let me get it out
after all she was a nun
and the priest wanted to watch
everyone's makin' a big deal
over the fact that we raped someone
what's the crime?
someone put me away
someone punch me out
someone let me play
let me get it out
everyone's makin' a big deal
out of the fact that i raped someone
what's the crime?
what's the crime?
what's the crime i had fun
