

## Flashlight

## The Front Bottoms

Please fall asleep so I can take pictures of you and  
hang them in my room  
so when I wake up feel like yeah everything's alright  
You are still here, you are still happy, you are still  
smiling and laughing  
you are still the only thing and everything I need in  
my life  
And it goes in in out through the mouth - breathing  
exercises  
I will never figure out til I am running in circles  
or (I am) walking in circles or (I am) crawling in  
circles or lying on the ground  
And I can hear your dog whistle from my bedroom  
Yeah yeah  
And I can see a flashlight cutting up the trees behind  
my house  
Yeah yeah  
Yeah yeah yeah  
She's says a lot of the kids we graduated with are now  
homeless  
which puts them in mad shady situations with mad shady  
people  
if not everyday then on an every other day basis  
And she's probably with a few of them right now  
and they are probably just drinking and talking about  
how she misses getting fucked up and hanging around  
And he says "Hey you're good at that" and she says  
"Thanks, it's kind of all I got,"  
and then she looks away and says "It's also all I  
need."  
And I can smell plastic burning I can smell chemicals  
breaking down.  
I got your last three e-mails the ones where you said,  
"I was sorting some things out"  
And he will be able to hear her dog whistle from his  
bedroom  
Yeah yeah  
And I can see a flashlight cutting up the trees behind  
my house  
Yeah yeah  
And I will read the flashing like a morse code  
explanation  
that will mean nothing but take all night to figure  
out, out, out...  
(Please fall asleep so I can take pictures of you and  
hang them in my room  
so when I wake up feel like yeah everything's alright)  
when I am sad, I am sad - but when I'm happy, oh god  
I'm happy  
there's just no place in-between for us to meet  
(You are still here, you are still happy, you are still  
smiling and laughing  
you are still the only thing and everything I need in  
my life)  
when I am sad, I am sad - but when I'm happy, oh god I  
am happy  
there's just no place in-between for us to meet
