

New Song D

The Front Bottoms

We all had the same look on our faces
Doesn't it feel like that
And it took two years to replace it (Oh my god)
Doesn't seem so bad
When you reveal a little bit more of yourself every time you go
It is hard to watch (It's hard to watch)
But it's good to know

It isn't any fun
At first it feels good but then not really (It's obvious to see)
It's a process, come on, you gotta believe me (You don't know what you want anymore)
It doesn't make you wrong and it doesn't make me right (Or who you're supposed to be)
It just means we're different and you don't think about it all the time

I fell down
You propped me up
You said you wouldn't start
'Cause I couldn't stop
My days are young
My nights are old
When it comes down to truth
Everyone has their own

This isn't any fun
Like games I don't wanna play
You don't know what you want anymore
I don't know what to say (Oh, c'mon)
We all had the same look on our faces (This isn't any fun)
Doesn't it feel like that (It's obvious to see)
And it took six years to replace it
Doesn't seem so bad (I don't know what I am anymore)
I reveal a little more of myself every time I leave (Or who I'm supposed to be)
It's hard to know, but it's what I need

I fell down
You propped me up
You said you wouldn't start
'Cause I couldn't stop
My days are young
My nights are old
When it comes down to truth
Everyone has their own

The first time that I met you
You were selling me a lie (I trust you)
You wanted fifty dollars
For me it's twenty-five
It seemed like a good day (I trust you)
A good day to be alive
You know you had no use for it any longer
It was time for someone else to take a try (Else to take a try)
The first time that I met you (The first time that I met you)
You were selling me a bike (Something in your eyes)
It had a couple issues

Nothing I couldn't let slide (Got no brakes)
It seemed like a good day (Got no brakes)
To be barely alive (Barely alive)
You know you had no use for it any longer
It was time for someone else to take a ride
Someone else to take a ride

I fell down
You propped me up
You said you wouldn't start
'Cause I couldn't stop
My days are young (Now my days are too young, my nights are too old)
My nights are old (When it comes down to truth, everyone's got their own)
When it comes down to truth (And it's hard to explain everything I've been told)
Everyone has their own (It's hard to admit I wanna go home)
Now my days are too young (I fell down)
My nights are too old
When it comes down to truth (You propped me up)
Everyone's got their own (You said you wouldn't start)
And it's hard to explain everything I've been told
It's hard to admit I wanna go home ('Cause I couldn't stop)

I get as close to looking up at the sun as I can
Without burning my-
I wonder if I'm ready
