

Tie Dye Dragon

The Front Bottoms

I was on LSD when I saved that family
And I was on LSD at all the talk shows after
Cause Jackie slapped me at a family party last year
He mumbled something, I mumbled something back

Neither of us said anything after that
Neither of us said anything after that

Oh yeah, oh yeah, oh yeah, oh yeah
I'm just a tie dye dragon
Oh yeah, oh yeah, oh yeah, oh yeah
I'm just a tie dye dragon

Back at school I was anxious
Played it cool, let other people do the stressing for me
I'm a fool to feel anxious
When something dies that's it, it's dead, I gotta let it be

Oh yeah, oh yeah, oh yeah, oh yeah
I'm just a tie dye dragon
Oh yeah, oh yeah, oh yeah, oh yeah
I'm just a tie dye dragon

Guided by a confused lie
I am guided by a confused light
I see the future in mysterious ways
I'm just a tie dye dragon

I guess I'm older now
I guess I'm older now
I am caught in between who I am and who I'm supposed to be
Everything's confusing
Everything's confusing
Everything's confusing
Everything's confusing

Oh yeah, oh yeah, oh yeah, oh yeah
I'm just a tie dye dragon
Oh yeah, oh yeah, oh yeah, oh yeah
I'm just a tie dye dragon

Guided by a confused lie
I am guided by a confused light
I see the future in mysterious ways
I'm just a tie dye dragon
