

Christmas Was Better In the 80's

The Futureheads

On Christmas Eve in the 80's
My mother would say to me
Upstairs and go to sleep, wake up in a dream
Christmas was better in the 80's
Better in the 1980's

La la la la la la

On Christmas day in the 80's
Everybody used to sing
Hallelujah, hallelujah, halleujah
We were wishing on a star, wishing on a star, we were wishing on a star
We were wishing on a star, wishing on a star, we were wishing for a star

Christmas was better in the 80's
Better in the 1980's
Christmas was better in the 80's
Better in the 1980's
1980's

The snow was deeper in the 80's
And everybody used to play
Outside on Santas sleigh, living dreams and holidays
And I won't forget those tiny flashing lights
Flash big trees and snowball fights
Happy days and silent nights

Christmas was better in the 80's
Better in the 1980's
Christmas was better in the 80's
Better in the 1980's

La la la la la la

On Christmas Eve in the 80's
Mother would say to me
Upstairs and go to sleep, wakeup in a dream
Christmas was better in the 80's
Better in the 1980's
Christmas was better in the 80's
Better in the 1980's
1980's

On Christmas eve in the 80's
On Christmas eve in the 80's
On Christmas eve in the 80's
