

Do It To You

The Game

Cool and Dre

We was fucking all night, she ain't complain one time
Know that pussy swole up, but she said that it was fine
So I dove in it
Right stroke, left stroke, dick swole in it
No other dick can fit, left a dick mould in it
I make the pussy say, Aah cause it's no limit
Put my key in her garage, put the whole Rolls in it
Wraith, love the way you give a nigga face
Love the way that bitch say, Trey, Trey

You know I'm a cold nigga
Pussy got me high, but she keep it on the low, nigga
Inspiration to the broke niggas
Middle finger to the gold-diggers
Give it to her like, Aah
About my business, baby, bet I put your ass to work
Then once I hit it, baby, I'm a make that pussy squirt
And I know your Trey bitch, but it's okay for me to flirt, let's go

Two cups, XO, one Wraith
Two seats, your face, my lap, baby
You gotta stay away from niggas that be on
I just wanna fuck, then I pro'ly leave you lone
Get back to this pimp shit that I'm on
Three bitches at a time, let em all blow my mind
And I'm a make that pussy mine
I be staring at the pussy like, Damn, that pussy fine
I ain't looking at your face til it's running down your make-up

I'm a do it to you, I'm a do it to you
Ass down, face up, I can't be faithful, no, I can't be loyal
If you looking for commitment, then this dick ain't for you
But you know for sure

Plus I got more bitches than this nigga do
More hoes than August and it's only July
And why would dude lie? More hoes than Chris
More hoes than R. Kelly, I put that on my piss
And, no, it ain't a diss if I ain't talking bout Karrueche
I put this Roman candle all in your coochie
She acting bougie, but she ride it like a hoopty
And if you come around, you already know that
