

## Get High

## The Game

I'm like Method Man and Red Man with the swishers  
Blowing chronic out my mouth while they taking pictures  
I tell that bitch drop that ass like she hit the switches  
I take the phone and take a selfie while I'm fuckin' bitches  
Now bounce to a nigga that know Dre and O'Shea  
I kill that pussy like OJ and no way a nigga gonna outsmoke me  
I smoke more than B Real and that nigga Snoop D-O-double G  
Throw up the Westside, even if your fuckin' rag on the left side  
Tonight I'm fuckin' with you, to ice cubes in my cup  
A little Henny, nigga with an attitude, what's up?  
Yeah, '64 Impala and I'm outta there  
Bitch riding shotgun, looking like a bobble head  
Wait, wait, wait for a minute and let a nigga roll his blunt

If you still fuck with Dr. Dre, get high  
If you miss 2Pac and Nate, let's get high  
I mean, every time you come to LA, get high  
Ain't it good to you? Hell yeah  
The doc said I had a weed addiction  
So I'm smoking this chronic with no prescription, get high  
Break it down, get a blunt and twist it  
Game got his own strain, Doc 2 edition, get high

When I say roll it up, roll it up trick  
It's Aftermath, let 'em know who you fuckin' with  
All we do is smoke and get high  
We be having slips, let 'em smell this shit  
35 Million and I still might sell this shit  
Gray smoke, elephant  
Look around this party, ain't this motherfucka hella lit?  
These niggas is zeros, we came with pre-rolls  
Same niggas used to moving kilos, get high  
Yeah, all fuckin' day nigga  
See me bouncin' in the six-six-tre  
Like I won't let this motherfucka  
Three-wheeling with a cloud of kush in my jaw  
Thousand dollar blunts, w hat a nigga want?  
Pistol grip pump, ride with it in the fuckin' trunk  
California skunk, nigga this the funk  
Top of the Roscoe's with the front, my impala, get high

If you still fuck with Dr. Dre, get high
