She used to stash my loot, all in the sofa  
Then I used to knock her boots all in the sofa  
She had 3 stocks, one chrome on that Toyota  
Then she flipped channels on a nigga  
Oprah, all up in the club getting hawk by the vultures  
The femal Spreewell, was too hard to couch her  
So I had to do the best thing for both us  
Take myself shopping, get my Ralph Lauren coats up  
It ain't trickin' if you got it right, No sir  
Can't get a shot of Patron unless she gon fuck  
Can't leave these hoes alone nigga it's so tough  
Especially if they finance the nose, I pick them both up  
Then we hit South beach, pull my Gucci loc's up  
Hit my nigga Wayne like let me borrow some ?  
Looking like a casting call and we show up  
We getting Young Money but we grown up  
So what!
