

Priceless

The Game

Ohh, can I tell the truth one time
Can I get to you one time
Yeah, oh yeah
Can I keep it true one time
Be real with you one time

I done cashed a couple commas
I done had a few diamonds
But this thing I got with you
I know it's priceless
It's kind of hard to define us
But I know our bond is timeless
Yeah, that's why this thing I got with you
Is priceless

We on the same page
How could I complain
I'm just trying not to mess up a good thing
Trying to do something I ain't never seen
But I think you're worth it to me
You work it for me
Know your love ain't free
So I pay the fee, I
Treat you like a queen
I hope you can see
I ain't wasting your time

I done cashed a couple commas
I done had a few diamonds
But this thing I got with you
I know it's priceless
It's kind of hard to define us
But I know our bond is timeless
Yeah, that's why this thing I got with you
Is priceless

Let me speak, baby you a vibe
It's a gift you can't see with your eyes
Blessing, Don Perignon on the dresser
Baby girl know get the more not the less of
No compressa, load the Tesla
How it feel to put your toes up forever
Young and charming, moving with class
Got me on the west with a pass

I done cashed a couple commas
I done had a few diamonds
But this thing I got with you
I know it's priceless
It's kind of hard to define us
But I know our bond is timeless
Yeah, that's why this thing I got with you
Is priceless

I pull up hop out, when she clock out hop in
Maybach shit, always got a bad bitch locked in
We in M.I.A. for the summer

Big body chop the top off the Hummer
We go shopping, she know I'm gone do the numbers
Cartier, Dior, tell the niggas to run it
Do anything for my girl
Tattoo your passport up, give you the world, uh

I done cashed a couple commas
I done had a few diamonds
But this thing I got with you
I know it's priceless
It's kind of hard to define us
But I know our bond is timeless
Yeah, that's why this thing I got with you
Is priceless
