

# This Way

## The Game

I been looking this way, ever since I remember  
And it ain't gon' change  
So I don't care what them people say ay-ay-ay-ay-ay  
I will forever be this way ay ay ay ay ay ay  
I will forever be this way

Hey yo, hey yo  
Keep the game in HD on ESPN while I fuck these lesbians rubbing on their breast and then  
And then light up a swisher let it fill my lungs  
Reflecting on the days when I was banging in the slums  
From that to number 1, at the Grammys with my gun  
Thought I was winning album of the year but then Missy won  
Maybe next year, they say I'm underrated I'm underappreciated and it's Mr. West here

I been looking this way, ever since I remember  
And it ain't gon' change  
So I don't care what them people say ay-ay-ay-ay-ay  
I will forever be this way ay ay ay ay ay  
I will forever be this way

Always stay the same  
Even though I can't write it to change the game  
You can never change the game, I'm just trying to make a change  
Stay positive but the negative shit make it easier to make some change  
So? I used to take a chain  
So? I used to rob a store  
So? I used to load a clip and tell my niggas time to go  
Empty the clip and tell 'em hallow tip vamonos  
I know it's uncommon to see a gangsta' with a common flow

I been looking this way, ever since I remember  
And it ain't gon' change  
So I don't care what them people say ay-ay-ay-ay-ay  
I will forever be this way ay ay ay ay ay  
I will forever be this way

Now as the time flies a rapper's albums is getting weak as fuck  
I feel like I don't need this bitch feel like I don't need this truck  
Keep your rabbits foot nigga I don't need the luck  
All I need is my niggas a half of Oz of weed to puff  
Kickin' it with this rat I'm about to beat it up  
Thinkin' about droppin' this tape how ya'll gon' eat it up  
Take my time on you niggas ain't no need to rush  
You think you seen it all, nigga you ain't seen enough

I been looking this way, ever since I remember  
And it ain't gon' change  
So I don't care what them people say ay-ay-ay-ay-ay  
I will forever be this way ay ay ay ay ay  
I will forever be this way

Now as we prepare for dinner  
Chop the table in half this side is for the sinners  
But I'm forever in limbo parked in this Lambo  
Bangin' this instrumental that I got from Timbo

Wishin' I would've just burned my demo  
Wishin' I would've never hopped inside the Doc's limo  
But I did look at what I did  
I'd give everything back except my kids (yeee)

I been looking this way, ever since I remember  
And it ain't gon' change  
So I don't care what them people say ay-ay-ay-ay-ay  
I will forever be this way ay ay ay ay ay  
I will forever be this way
