

Universal Love

The Game

Love, what is love?
A person? A dream?
Is it a feeling?
Is it peace or all imagination?
Maybe love is you, maybe love is me
Exactly
'Cause love is everything
I'm wishing, thinking, dreaming
'Bout you, and the love (Love)
How'd I ever let you—
Oh, how I'm wishing, thinking, dreaming
'Bout you, and the love
How'd I ever let you— Uh

I'm from a country called Earth
But we don't know if the sun or moon came first
We know pain and we definitely know hurt
Live life 'cause death is somethin' we can never revert
I got a brother named Q, he love his mom like me
Every woman who birthed a child should be livin' for free
And every man should carry the load for his family
It shouldn't be no enemies 'cause children are the casualties
If I ruled the world and everything in it
I'd give every kid from Compton an Amex with no limit
I'd put Nas in a senate seat, Lauryn on Capitol Hill
Ye for president, then I'd reveal
My new plan for healthcare is every rapper stoppin' the beat
And everybody see the doctor for free
I'd share my vision, so everybody blind could see
I'd stop a complete stranger in the middle of the street now

Hug somebody (Oh, how I'm wishin'), love somebody (Thinkin', dreamin')
Sometimes, all we need—
Sometimes, all we need is love ('Bout you and the love)
But you don't know what you got 'til it's gone
Universal love (Oh, how I'm wishin', thinkin', dreamin')
But you don't know what you got 'til it's gone
That universal love ('Bout you and the love)
But you don't know what you got, uh, uh

Right here (Here)
Be right here (Be right here)
No fear (Fear)
Have no fear (Have no fear)
Right here (Here)
Be right here (Be right here)
No fear (Fear)
Have no fear
Love will be right—

I live life for the Buffalo ten
And I prayed it never happen again, then it did
Who kill kids? Nineteen to be exact
How you walk into an elementary school like that?
Ain't old enough to buy liquor, but old enough to buy guns
Dear America, you killin' your own daughters and sons
We hate each other so much, we kill each other so much

It's like we don't believe in God, and He never show up
You know what? I see Him everywhere, look in a child's eyes
Then look within before you start lookin' outside
Don't let the filters confuse you with your inner self
I want your beautiful soul to match your mental health
They throwin' shade, it's nothin' to get some new frames
We should be rushin' to get Russia out of Ukraine
So sick and tired, always pickin' a side
'Til the government empathize, stop switchin' the vibes
Ain't nothin' to hide when you live in your pride, uh
If gay is happy, I'm Isaiah Rashad, uh
Yeah, love women, of course
Only human beings, connected directly to the source (To the source)
New life ain't tainted
But the world is, ain't it?
Ticky-tock, ticky-tock, ticky, ticky, ticky-ta-ta
Ayo, I'll tell you the rest when I see you, but for now

Hug somebody (Oh, how I'm wishin'), love somebody (Thinkin', dreamin')
Sometimes, all we need—
Sometimes, all we need is love ('Bout you and the love)
But you don't know what you got 'til it's gone
Universal love (Oh, how I'm wishin', thinkin', dreamin')
But you don't know what you got 'til it's gone
That universal love ('Bout you and the love)
But you don't know what you got

Right here (Here)
Be right here (Be right here, yeah)
No fear (Fear, oh yeah)
Have no fear (Have no fear, be right here)
Right here (Be right here, here)
Be right here (Be right here)
No fear (Fear)
Have no fear
Love will be right—

Don't it always seem to go
That you don't know what you've got 'til it's gone
Oh, how I'm wishing, thinking, dreaming
'Bout you, and the love
How'd I ever let you—
Oh, how I'm wishing, thinking, dreaming
'Bout you, and the love
How'd I ever let you—
How-How-How I'm wishing, thinking, dreaming
'Bout you, and the love
