

# I'll Always Love You

The Gap Band

I know the final chapter  
Of our love has come  
We tried to talk it out  
Instead we only shout  
And you know there's no avoiding  
There's nowhere to run  
So I will tell you now  
Before you leave this time

I'll always love you  
No matter where you go  
I'll always love you  
In the back of my mind  
I don't want you to go  
I'll always love you  
Just maybe we'll be together again

We were more than lovers  
Much more than friends  
But faith would test our strength  
And little problems came right on in  
But I know I want to try our love again  
You say that you don't know  
What I won't tell you before you go  
We can be friends always

I'll always love you  
No matter where you go, always  
I'll always love you  
In the back of my mind  
I don't want you to go, always  
I'll always love you  
Just maybe we'll be together again  
Yeah

In the back of my mind  
I don't want you to go, always

I'll always love you  
No matter where you go  
I'll always love you  
Just maybe we'll be together again  
No, no

I'll always love you  
No matter where you go  
Baby, baby, baby  
I'll always love you, oh...

I'll always love you  
Baby, baby, baby  
Baby, baby, baby  
I'll always love you  
No matter where you go  
I'll always love you  
In the back of my mind  
I'll always love you...
