

# No Easy Out

The Gap Band

Girl, you must be crazy  
If you think I'm gonna let you go  
Is your mind gettin' shaky?  
And I just wanna let you know

I have found true love in you  
A love that could see us through  
And now I'm gonna show it  
I just wanna let you know it  
I'm never gonna let you go

I won't have us talkin'  
This talk about you leaving me  
If you're thinkin' about walkin'  
Then baby that ain't pleasin' me

I have found true love in you  
A love that could see us through  
And now I'm gonna show it  
I just wanna let you know it  
I'm never gonna let you go

No easy out this time  
Easy out  
No easy out this time  
Easy out

This just is conversation  
Since I believe I've got the floor  
Please don't break my concentration  
Oh, by the way, I'm locking the door

I have found true love in you  
A love that could see us through  
And now I'm gonna show it  
I just wanna let you know it  
I'm never gonna let you go

No easy out this time  
Easy out  
No easy out this time  
Easy out  
No easy out this time  
Easy out  
No easy out this time  
Easy out

Oh, no easy out this time  
Easy out (never gonna let you go)  
No easy out this time  
Easy out (never gonna let you go)  
No easy out this time  
Easy out (never gonna let you go)  
No easy out this time  
Easy out (never gonna let you go)  
No easy out this time (never, never)  
Easy out (never, never)

No easy out this time
