I can tell by your eyes you wanna party  
I can tell by your smile you wanna party  
I can tell by your eyes you wanna party  
I can tell by your smile you wanna party

I can tell by your eyes you wanna party  
I can tell by your smile you wanna party

See the party lights  
Dance with me tonight  
See the party lights  
Dance with me tonight

See the party lights  
Dance with me tonight  
See the party lights

I can tell by your eyes you wanna party  
I can tell by your smile you wanna party  
I can tell by your eyes you wanna party  
I can tell by your eyes you wanna party

(I can tell by your move you wanna party)  
Come on down to the party lights  
If you wanna dance with me tonight  
(I can tell by your smile you wanna party)  
Come on down to the party lights  
If you wanna dance with me tonight  
(I can tell by your eyes you wanna party)  
Come on down to the party lights  
If you wanna dance with me tonight  
(I can tell by your strides you wanna party)  
Come on down to the party lights  
If you wanna dance with me tonight
