Every time I call her on the phone  
A space invader's got my girl and gone

Video child, runnin' me wild  
Girl, you're 'bout to blow my mind  
The games you play is runnin' me away  
Girl, you're 'bout to blow my mind  
Early in the mornin' or late at night  
Girl, the game you play is runnin' me away  
Take the TV, but, girl, leave me  
Girl, you're 'bout to blow my mind
