

# **Forgotten**

**The Gathering**

Have your forgotten  
All this beauty  
Around you

All your worries  
Could easily fade  
Behind you

Who Is pulling you back  
With such strenght?

I hear you calling

Your voice is bright  
You hear me calling back  
After fighting  
Youre always right  
Youre always right  
And I tried

Who is pulling me back  
With such strenght?

I hear you calling
