

Killing my past

Aruki dasu kaketa mama myaku wo uchi
Jibun to iu sonzai wo doko ka de itsumo hitei shite ita

I seem to lose all dazzling light
Can't understand this broken sight

Redo the pain, pain, start all over
I want to kill the past
I feel the shame shame, it's never over
These days
I'm better dead

I want to be reborn

Leave me alone
Yugamu jibun no kage ni koe wo koroshi naita

S**t f**k
What's happened to me
Why is it always just like this?
Go to hell

God damn it f**k
What's happened to me
Why is it always just like this?
Go to hell

Redo the pain, pain, start all over
I want to kill the past
I feel the shame shame, it's never over
Why do these days last?

Redo the pain, pain, start all over
I want to kill the past
I feel the shame shame, it's never over
These days
I'm better dead

In darker dreams
[Help me]
A goddess speaks to me
And it seems
[There's no way]
I cannot see the light
[Help me]
Out of sight
And reborn somewhere else
Don't just abandon me
Please
Please
Please
