

## Worlds Apart

The Generators

I watched the stars fly on by  
I'm holding on to the hands of time  
This darkest hours got a hold on me  
A raging storm is driving me out to the sea

Cause I can't breathe without you  
Is this what it's all coming down to  
Watching the moment pass me by

In the back of my mind  
I hear you call  
I'm trying to stay still  
But now I fall  
We hold our ground like frozen statues  
Breaking from pieces  
I used to have something  
But now I got nothing left to believe in

Cause I can't breathe without you  
Is this what it's all coming down to  
Watching the moment pass me by  
Am I turning back around again  
Or am I -  
Going out the morning wind  
I feel it's all just slipping away

Cause I'm feeling worlds apart now  
Falling further into the darkeneb backround  
The foundation keeps on breaking  
Every move I take is so painstaking  
This condition I'm compounded  
Splintered from this new world  
That I just founded  
Splintered from this new world  
That I just founded  
Watching it all just fade away
