

My Own Reflection

The Get Up Kids

It's hard enough to stay awake
And let alone to motivate
But we do this every day
We put the pieces into place

And every day some blood will spill
Needles, strips, and water, pills
But I just have to find the will
To push that boulder up the hill

Anything
I didn't wanna be
The topic of conversation
And what's to say
I'm gonna have to speak
To the man in my own reflection

So just in case you haven't heard
The situation's got worse
My heart will beat until it burns
It's really gotta fucking hurt

Anything
I didn't wanna be
The topic of conversation
And what's to say
I'm gonna have to speak
To the man in my own reflection

Running after life affirming
Makes me wonder why we go on, go on
Only after I prefer when
Makes wonder why we go on, go on
Running after life affirming
Makes me wonder why we go on, go on
Only after I prefer when
Makes wonder why we go on, go on
