

## Overdue

The Get Up Kids

You're a few years overdue.  
I spent them waiting here for you.  
Now your charity's refused,  
I can name a penance for abuse.

Twenty four years overdue,  
what kind of role model are you?  
Very least learn not to do,  
I think I might be over you.

Do hope I won't  
Learn to make  
The same mistakes,  
That you would  
Make me aware  
That only fear,  
My only hope,  
Is letting go.

Went on a limb for you,  
Capsized when I turned twenty two.  
Did it burn as bad for you?  
No bottle serves to soothe my wounds.

Do hope I won't  
Learn to make  
The same mistakes,  
That you would  
Make me aware  
That only fear,  
My only hope,  
Is letting go.  
My only hope  
Is letting go.

You're a few years overdue.  
I spent them waiting here for you.
