Make Or Break

The Ghost Inside

The flame that once burned so bright is no longer a part of my life
The endless nights of regret haunt me until the end of time

Get up, Get up, See what you're made of
They won't hand it to you - you have to take it

Times up, Times up, Destroy what I've become
Every risk I take, every leap of faith
I'll find my fear and face it

All in due time - The past is yours - The future is mine
All in due time - The past is yours but the future is mine

I don't want to be, no I don't want to be just like you
And take what comes my way
I don't wanna see my eternity torn in two and left in yesterday
I won't be left in yesterday

Get up, Get up, Enough is enough
It's time for action - No distractions
This fire's everlasting

Outrun - Outlast
Erase everything that's in your path
Outrun - Outlast
Erase everything that's in your path
The past is yours but the future is mine

I don't want to be, no I don't want to be just like you
And take what comes my way
I don't wanna see my eternity torn in two and left in yesterday

No, I don't want to be just like you and take what comes my way
My eternity torn in two and left in yesterday

Every struggle: inspiration
Every obstacle: motivation
There is only one resolution
If they don't move, you move them

Outrun - Outlast
Erase everything that's in your path
Outrun - Outlast
Erase everything that's in your path
