

## Still Alive

## The Ghost Inside

Today I woke up to a brand new me  
Free from the times of tragedy  
Four years to find clarity  
And now I'm right where I need to be

Against all odds  
I won't be silent any longer  
Against all odds  
What doesn't kill you makes you stronger

Still alive, still alive  
Put to the test, demonstrate my drive  
Still alive, still alive  
I said it before: "Only the strong survive"  
You fall, you get up, you never let up  
I found my way through the darkest night  
I couldn't give up, it's time to live up  
To everything I said I stand behind, still alive

My hands were at my side and despite what you think  
Not giving up the fight, a second chance at life  
Look in my eyes and you will find  
I'm twice the man I've left behind  
I spoke to death and said we'd meet again  
It's not my time, it's not the end  
All the doubts just in my head  
So let's go, full speed ahead

Against all odds  
I won't be silent any longer  
Against all odds  
What doesn't kill you makes you stronger

Still alive, still alive  
Put to the test, demonstrate my drive  
Still alive, still alive  
I said it before: "Only the strong survive"  
You fall, you get up, you never let up  
I found my way through the darkest night  
I couldn't give up, it's time to live up  
To everything I said I stand behind

From the ashes, brought back to life  
This is the new sound of sacrifice  
This is the new sound of sacrifice, oh

Today I woke up to a brand new me  
Free from the times of tragedy  
Four years to find clarity  
And now I'm right where I'm meant to be
