

## Fire In The Sky

### The Ghost Of Paul Revere

I lost my will to carry on  
The day you walked away  
Now I'm chained to a bottle of whiskey  
Praying levees gonna break  
Just burn my home and take all my things  
Send me to the lord above  
Cause I know on the day that the judgement comes  
Sure as hell not going north, yeah

Carry me down the mountain water  
Watch me clean off the land  
Cause without a home no man's a man  
Till he's delivered to his makers hand  
Thee only friends I got left to me  
They turned table on a forty five  
And I know that when the flood comes, honey  
Well I won't make it out alive

And I said yeah  
Oh yeah  
Oh fire on the mountain  
Yeah  
Oh yeah  
Hallelujah on high  
Yeah  
Oh yeah  
Devil come and take me  
Oh yeah  
Fire in the sky  
Oh yeah  
Fire in the sky  
Oh yeah  
Fire in the sky  
Oh yeah  
Fire in the sky

I lost my will to carry on  
The day you walked away  
Now I'm chained to a bottle of whiskey  
Praying levees gonna break  
Just burn my home and take all my things  
Send me to the lord above  
Cause I know on the day that the judgement comes  
Sure as hell not going north
