

Rise

The Gift Of Gab

Through the . my times hell marry to the world can we heal our crimes
Everybody told me to rise rise again maybe a different urge when the . was there
Through the tribulations is a brand new start price
Everybody told me to rise rise again maybe a different urge when the . was there
They say substance is a negative past in rap
Some holler is a handicap I wanna open eyes .
But I talk more than I walk I like to burn weed to my people . Vegas is not the key of truth freedom
I speak of meditation people think I am weird . to find a inner god they say you are going to hell for that
. the more I learn I learn I don't know nothing this is life let me tell you something
Through the . my times hell marry to the world can we heal our crimes
Everybody told me to rise rise again maybe a different urge when the . was there
Through the tribulations is a brand new start price
Everybody told me to rise rise again maybe a different urge when the . was there
Said I am a weirdo underground . and crazy can I scream God and at the same time pay me
But you are ahead now if I talk about ladies how I wanna do the m is the whole song ruin
. I am just trying to find balance do the best that I can can i s to do roomy and still .
But I always black .cause i am only a man try to be that change but things don't change
Try to change . but I am stuck in the same flow . do I got to die do a lot like ... confiscation
But i still got to say now still I rise and make a progress . I rise
Through the . my times hell marry to the world can we heal our crimes
Everybody told me to rise rise again maybe a different urge when the . was there
Through the tribulations is a brand new start price
Everybody told me to rise rise again maybe a different urge when the . was there
Yu might have heard me . and that is when I . fall from the sky Relax I am gonna no wonder what you could be . kind of sleepy but still you can beat me
And these leaches they teach me .is beneath me . life was so easy
But the ice is so freeze that is between you and me . god is a lord and .

Through the . my times hell marry to the world can we heal our
crimes

Everybody told me to rise rise again maybe a different urge whe
n the . was there
