

Elisa

The Gift

I know there were days that I left you when you needed me most,
so please forgive me for the times that I made you cry.
Life sent to me signs to know how simple things matter.
If I didn't realize I'll try to do my best so I don't fail this
time. Not anymore.
I guess this must be a kind of a modern love because I'll love
till the day that I die.
