

Know Yourself Mankind

The Gladiators

Our beautiful country have turned into battle field
Ev'ry day, yeah, is rumours of war
Remember what Marcus have said:
"Man a go know themselves when dem back is against the
wall"
This is 1976 - we don't want no more war

Callin' north, south, eas' and wes'
It's full time for I an I to know ourselves
But hate had made us to forget
Jah didn't make us live like wild beasts
No more fightin' - no more killin'
Let love and beauty abide, oh yeah
