

Keep on Breathing

The Glitch Mob

Wake from your sleep
Keep on breathing
Keep on breathing
Wake from your sleep
Keep on breathing
Keep on breathing

I'm walking just behind you
I'm walking just behind
I'm walking just behind you
I'm walking just behind you

And every time I try to reach you
It's like you push away, push away
And in the dark I try to feel you
It's like you fade away, fade away

Keep on breathing
Keep on breathing
Keep on breathing
Keep on breathing
Keep on breathing
Keep on breathing
Keep on breathing
Keep on breathing
