

# Daylight

The Glorious Sons

I broke my nose  
Bled on my clothes  
Woke up in the vicious sun  
On the steps of my front door

I took one look  
And turned around  
I felt the death  
I heard the black dog fainting ground

Burning daylight  
Daylight daylight  
Daylight ya  
Shut up mind  
Shut up soul  
Let me burn myself a hole  
Burning daylight  
Daylight daylight  
Daylight ya  
Shut up body  
I'm on a roll  
Let me burn myself a hole

I close my eyes  
On highways sides  
In rooms of smoke and yellow light  
Where handsome men are brutalized  
Where no one lives  
And no one dies  
We just wait and look for ways  
To disappear behind our eyes  
Ya  
Another honest man gets burned alive

Burning daylight  
Daylight daylight  
Daylight ya  
Shut up mind  
Shut up soul  
Let me burn myself a hole  
Burning daylight  
Daylight daylight  
Daylight ya  
Shut up man  
I'm on a roll  
Let me burn myself a hole

I took one look  
And turned around  
I felt the death  
I heard the black dog gaining ground

Burning daylight  
Daylight daylight  
Daylight daylight  
Daylight daylight  
Daylight

Burning daylight  
Daylight daylight  
Daylight ya  
Shut up mind  
Shut up soul  
Let me burn myself a hole  
Burning daylight  
Daylight daylight  
Daylight ya  
Shut up body  
I'm on a roll  
Let me burn myself a hole
