

Dream

The Glorious Sons

When the silence hurts, oh when it screams
Wake up baby, it's just a dream
Hear the city noise while you sleep
Feel the subway rumble under your two feet

See the pixelated screen in the middle of the square
With your face on it? Look at you up there

It's just a smile, it's just a look
In just one moment the world is shook
In the dead of winter, in the sweetest pain
Close your eyes, we're there again
It's all a dream

I can turn anything into morphine
Wake up baby, it's just a dream
Streetcar squealing in the summer heat
Church bells ringing at the end of your street

Just take one step and baby make it true
Look around my girl, this is all for you

It's just a smile, it's just a look
In just one moment the world is shook
In the dead of winter, in the sweetest pain
Close your eyes, we're there again
It's all a dream

It's all a dream
Just some scene
In our dreams

It's just a smile, it's just a look
In just one moment our world was shook
In the dead of winter, in the sweetest pain
Close your eyes girl, we're there again
It's just a dream
