

Kick Them Wicked Things

The Glorious Sons

I hitchhiked to the edge of town and I came back home
I was scared to leave my poor mama alone
I don't wanna live here for the rest of my life
I'm gonna leave this town when my mama dies

I'm on bedrest, I got to kick them wicked things
I got it bad, I got to kick them wicked things

I went to school to get a degree now I'm buried in debt
I'm on pills for anxiety, I can't pay it back
My doctor says looking toward the future is bad
I don't know what to do, I don't wanna look back

I'm on bedrest, I got to kick them wicked things
I got it bad, I got to kick them wicked things
One man can't be more than one thing
One man can't be more than one thing

I got to kick them wicked things
Listen

My little brother killed a man in Fort McMurray
The light left his eyes in a hurry
The news said he put him down in a northern fury
He said he didn't kill him but he couldn't fool the jury

I'm on bedrest, I got to kick them wicked things
I got it bad, I got to kick them wicked things
One man can't be more than one thing
One man can't be more than one thing
One man can't be more than one thing
One man can't be more than one thing
I got to kick them
I got to kick them
Yeah I got to kick them wicked things
