

Summer's Melting My Mind

The Go-Betweens

Sailing boats of red and blue
Glide across the sea
And like the wind that blows their sails
Summer's melting my mind

People walking on the beaches
Try to get a tan
And as their skin changes color
Summer's melting my mind

Summer comes
Winter goes
Red as the wild wind blows
Summer comes
And summer goes

Seagulls flying overhead
Up towards the bay
And as their wings go away
Summer's melting my mind

Summer comes
Winter goes
Red as the wild wind blows
Summer comes
And summer goes

Sailing boats of red and blue
Glide across the sea
And like the wind that blows their sails
Summer's melting my mind

My mind
My mind
My mind
