

## La La Land

The Go-Go's

C'mon everybody do you want something real?  
Can't seem to get ahead but it's no big deal  
Floating like a feather in a wide open space  
Landing in a perfect happy place

Hello world we're here again  
Living life in lalaland

I hear what I wanna here living on cloud nine  
Jumping on a bed of flowers chasing the time  
"oh it's a hard road" says everyone I meet  
We can't trust the ground beneath our feet

Hello world we're here again  
Living life in lalaland  
Hello world we're here again  
Living life in lalaland

Yeah yeah yeah yeah yeah

Lalalalalalaland lalalalaland  
Lalalalalalaland lalalalaland

Hello world we're here again  
Living life in lalaland  
Hello world we're here again  
Living life in lalaland
